

Performance & Long Sleeve Jerseys

Quality, Warmth & Comfort

Ace of Spades Bike Jersey

Sport Raglan Cut: The cut features sleeves that are cut from the arm to the collar. This cut is traditionally associated with team design.

A plaited doubleknit fabric with a micro yarn on the face (mesh side) and a higher denier filament yarn on the back side (smooth side).

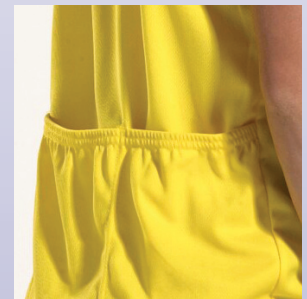

The combination of the different sizes between the two yarns creates a “push/pull” effect to force moisture away from the body and pull in to the face of the fabric. The microfiber mesh face then quickly disperses the moisture, which in turn speed the drying.

Ace of Spades Bike Jersey\$59.95
