

# Black Pearl Elite Bike Short

The Black Pearl . . . Smooth as Silk!

The **Black Pearl Bike Short** is made from tricot knit fabric that is highly aerodynamic and hydrodynamic. The microfiber nylon is 87% micro-denier Nylon and 13% Spandex. The beefy weight and offers supreme compression for enhanced blood flow. The compression supports muscles and movement to reduces muscle fatigue and lactic acid buildup. The blend of nylon fibers allows for a very soft feel that dries instantly and “sweats well” during your workout. The slick surface reduces wind drag and promotes aerodynamics for speed and energy efficiency. Also available in TALL and SHORT.

Men's Black Pearl Elite Bike Short

**BLKPEARL..... \$44.95**

*Black only. See sizes below.*

The **Black Pearl Crotch Pad** will be the most comfortable pad you have ever worn! It is made of long lasting foam for anti-shock and comfort. This shock absorbing cellular urethane is designed to absorb shock for the life of the short. It is breathable in that it lets water vapor and perspiration move away from the body. This pad resists abrasion, is smooth and wrinkle free. The black pearl will not change its properties with usage and will not harden or soften with use. The pad's cells are “open cell structure” which allow water transportation while maintaining its ability to absorb shock without bottoming out.

*Comfy multi-level cratch pad.*

*Very smooth gripper elastic.*
