- Waist elastic is soft, 3/4" non roll with coverstitched seams
- Leg grippers are very smooth to prevent shorts from riding up
- Smooth, seamless inner leg reduces opportunity for abrasion and sores.
- MLP - 3D engineered multi-level pad, is smooth antibacterial microfiber Coolmax polyester

## Aero Tech Designs Presents the Top Shelf Pro Bike Short.

This eight-panel, padded cycling short is an anatomically designed bicycle short that hugs the muscles for support and the reduction of muscle fatigue. The smooth, seamless inner leg reduces the opportunity for abrasion, chaffing and saddle sores from cycling. These bike shorts keep you comfortable and dry with high quality fabric that absorbs perspiration.

Durable nylon and lycra spandex fabric is cut cross grain for maximum four-way stretch and support and the leg grippers prevent bunching up at the crotch area and are very smooth and comfortable. Machine Washable.

## Top Shelf Shorts have Superior fit and durability!

**Leg Hems (Outside) Gripper**  
Elastic with super smooth, three-step zig zag for a flat seam.

**Leg Hems (Inside)** The leg grippers keep crotch area smooth by preventing bunching up.

**Waist Elastic**  
The waist is a soft, 3/4 inch elastic

**Flatlock Seams**  
Short seams are flatlocked for next to the skin softness.

### Multi-Level Pad

Our *Top Shelf Biking Shorts* have a M.L.P. Multi-Level Pad with 3D molded construction to eliminate friction and add extra padding to the pressure areas in the seat. The cycling short's crotch pad has smooth edges and wraps the body curves between the legs. It is hygienic® antibacterial Coolmax that stays dry and inhibits the growth of bacteria.

Women's Crotchpad.

Men's Crotchpad.
